## COLUMBIA'S OARSMEN MOVE.

THE GOULD BOATHOUSE OPENED UNDER FAVORABLE AUSPICES.

FRESHMEN VICTORIOUS IN THE INTERCLASS

RACES-SOPHOMORES LEFT OUT BY THE

BREAKING OF A RUDDER-A RECEP-

TION GIVEN FOR EDWIN GOULD. Proverbial Columbia luck attended the opening of the Gould boathouse and the holding of the University's interclass regatta on the Hudson yesterday afternoon. It was an ideal day, from an oars man's point of view. The sun shone down from ost cloudless sky, and a light breeze just tempered the heat to a comfortable degree. The water was almost as smooth as glass, and in every way did fortune smile upon Columbia's hope and The alumni were invited to show their appreciation of Mr. Gould's gift to Columbia, and to help to make the class regatta a popular institution. As a result, about seven hundred alumni, accompanied by women friends, examined the buildings on the new site and commented upon the proportions of the new gymnasium.

After going over the grounds the guests went to the boathouse, which is reached by way of a bridge that enters the second-story window. On the lower floor the 7th Regiment Band played college airs, but the interest chiefly centred in the new shells, and particularly the '95 shell, from which the paper covering has been stripped and a cedar one substituted. The seniors were not entered in the regatta because five of their men are in the 'Varsity boat, and it is an unwritten law at Columbia that a crew man shall not row in the class races. For this reason, also, Mackay, the captain of the freshman eight, did not row yesterday, although he will in the intercollegiate races.

The race was to begin at 5 o'clock p. m., but was fully half an hour later when the Daisy, having on board President Low, Dean Vam Amringe, F. S. Bangs, Captain Pressprich, Manager Fearing, Coach Cowles, Magistrate Cornell and Charles Eldridge and Howard Van Surderen, two of Columbia's 76 crew, which won many prizes in England, got into position. Dean Van Amringe was about to give the word to start when '99's rudder broke, and the race continued with only '98 and '00. The latter showed the beneficial results of their long training. They have muscle and endurance, and before the boats had covered a hundred yards it could easily be seen that they had the juniors at their mercy. Their stroke forced the boat along in much better shape than formerly, and as they passed the boathouse they had a lead of between three and four lengths. They increased this by another length at the finish. The mile was covered in five and a half minutes, with the mer in perfect condition.

It was then decided to have a special race between the victorious Freshmen and the "Sophs," who had by this time returned and had taken out the 'Varsity shell. In clearing the boat of water Acting Captain Boyesen missed his footing and fell into the Hudson. He swam back to the float, and, after being dried off, took his seat in the shell. Everything was ready for the second start when the rudder of the Freshman boat was broken and the race was declared off. Before the regular races the Freshmen and the Varsity had a half mile brush, in which the former beat the latter. The crews rowed as follows:

The crews rowed as follows:

After the races the spectators adjourned to Macy Villa, where a reception was given to Edwin Gould. Among the alumni and undergraduates present were Professor Reis, Dr. W. K. Otis, Robert Muller, Gustavis Kirby, Gale Carter and Joseph M. Proskauer. It was announced at the reception that a half-mile race between the classes of '90, '91, '92 and '93 was a near possibility.

The Gould boathouse is a gift from Edwin Gould to the Columbia students. Soon after the '95 race, which Columbia won, it was decided that proper practice could no longer be obtained on the Harlem, and a boathouse on the Hudson was determined upon. C. N. Pelton, '89, who streked the '89' Varsity, drew up plans and specifications for the present house. Subscriptions were asked for, and Edwin Gould gave the Columbia authorities permission to draw upon him for \$18,000 with which to build the house. It is built in the Colonial style, with a classic front, and is 50 feet wide by 76 deep, and two stories high. On the river side six columns, each 19 feet high, run from the basement to the roof. The ground floor is divided into two long rooms, one of which is used for the 'Varsity and freshman crews and the other by the general students. On the second floor there is a spacious balcony, capable of holding several hundred people, and the dressing-rooms, containing 284 lockers.

### YALE EASILY DOWNS HARVARD. RESULT OF THE TRACK GAMES AT NEW-HAVEN YESTERDAY.

New-Haven, Conn., May 15,-Yale and Harvard this afternoon. It was expected that the struggle would be close, but Yale won handily, the score being 80 to 24. Harvard won firsts in only the quar-ter, the half and the shot put, Hollister being the et for their sixth dual trac only member of the Crimson team to take more than one first. He won the half and the quarter in fast time. The feature of the meet was the high jump, in which Merwin broke the Yale record, going 6 feet 214 inches. Second and third places were not decided, as Rice and Morse, of Harvard, were tied. Their tie will be jumped off in Cambridge next week. The Yale star of the afternoon was Perkins, who took ten points. He won both hurdles, making the 220 in the record time of 233-5 seconds. Yale's winning first in the 100 and 220 by Byers and Fisher was a surprise, as both were

## FIELD SPORTS AT VASSAR.

COLLEGE GIRLS COMPETE IN RUNNING, VAULT-ING AND BASKET-BALL

Poughkeepsie, N. Y., May 15 .- The annual field day of the Vassar Students' Athletic Association took place on the athletic field at the college to-day. The date had been kept secret, and the authoritie had made great efforts to keep the matter out of the newspapers. The weather was entirely propitious. The young women who participated in the gam s were blouses and bloomers. The sports were witnessed by the six hundred students and in structors. The men who were allowed to be present were President Taylor and three or four professors.
In the morning contests Miss A. L. Wikinson. won the one-hundred-yard dash in 13 seconds with Miss A. M. Burnham, '00, second, in 15 sec onds, and Miss F. Borden, '98, third, in 18 seconds. Miss Sara F. Platt, '97, won the fence-vaulting contest, clearing 4 feet 5 inches. Miss Emma contest, clearing 4 feet a linears, Miss Limia Bradley was the victor in the baseball-throwing contest, with Miss Emma Reed a close second. Two basket-ball games were played this afternoon. The class of '98 defeated '00 in a closely fought game by the score of 1 to 0. The principal game was between '97 and '29 for the college championship. The seniors won by a score of 4 to 2.

VICTORY FOR DYKER MEADOW GOLFERS.

THEY TAKE THEIR REVENGE ON THE STATEN ISLAND PLAYERS TO THE TUNE OF 23 TO 2. The return team golf match between the Staten Island Cricket Club and the Dyker Mendow Golf Club, of Brooklyn, was played yesterday on the links of the latter club, at Fort Hamilton. The Brocklyn golfers had their revenge for the victory which their opponents had won over them in the first match, at Staten Island, last month, for the final score yesterday stood 23 to 2 in favor of Dyker Meadow.

Only one of the visiting players, Malcolm Graham, jr., succeeded in scoring. He defeated his Brooklyn opponent, A. L. Norris, by 2 up. Duncan Staten Island, had a close struggle and finished all even, thereby adding nothing to either side's score. One of the best games was that between Daniel Chauncey, of the home team, and J. R. Chadwick who has long been one of the foremost of the Staten Island players. Mr. Chauncey won, 3 up. The results of the other individual matches may be

seen from the summary.

The day was an ideal one for the sport, and the grounds of the Dyker Meadow Club have never been in finer condition. The three new holes are not yet ready for use, so the match was played over the old course. The summary:

G. E. Armstrong 0 M. Graham, jr. 2 O. Hockmeyer 0 C. T. Stout 0	Dyker Meadow.

# WILCOX WINS HIS OWN PRIZE.

Montelair, N. J., May 15 (Special).-An interesting golf match took place this afternoon on the links of the Montclair Golf Club, when Harry Rawlins, local club professional, and W. L. Anderson, the professional of Watch Hill, R. I. Golf Club met. The contest was a close one. Rawlins won by four holes up and three to play. In playing out the three holes, Anderson won the sixtenth, Rawlins the seventeenth, and the eighteenth was halved. The contest for the Wilcox Cup among the members of the Monclair Golf Club followed. Mr. Wilcox finished ahead and won his own prize.

# THE MEADOWBROOK TOURNAMENT.

There was a large gathering of golfers at the tournament of the Meadowbrook Club, at Westbury, Long Island, yesterday. The links were in perfect condition. The finals in the Meadowbrook Cup match were won by James A. Tyng, of the Morris County Club, from O. W. Bird, of the Meadowbrook, by 5 up with 4 to play. The finals of the Consolation Cup were won by F. O. Beach, of the Meadowbrook, from E. H. Horan, jr., of the Staten Island Cricket, by 2 up and 1 to go. The eighteen-hole handicap resulted in a tie between W. J. Travis, of the Cakland Club, and J. C. Rennard, of the Tuxedo Club. They will play off the tie at some future date on the same links. Forty-five cards were handed in in the handleap.

In the recommendations offered last Sunday in this column to those looking forward to a season of absence from city conveniences, the writer dealt solely with material subjects, but there are other more aesthetic but equally important points to be covered, some of which are touched upon to-day. In fact, without pursuing any regular system, the writer seeks to include from time to time all matters of interest and advantage to the host of dwellers without and within the city's walls.

Summer's almost here. Pleasure resorts are opening. Strawberry festivals and Sunday-school parties are being planned. Something new is needed to lend them interest. Why not make them instructive as well? Moving pictures, actual life, most stirring and exciting scenes, are at the disposal of intelligent managers who keep abreast of the times. The Kineoploscope justly claims precedence over all other inventions for displaying animated pictures, for simplicity, portability, moderate cost and absolute fidelity to life. To most people good coffee is a sine qua non. It is not generally obtainable from country stores. Supplies should be procured from reliable city houses. Our grandparents dealt with Samuel Wilde's Sons, founded in 1814, at 9 to 13 Dutch street, who still do business at the original stand. Buyers may reap the benefit of their eighty-three years' experience in selecting and roasting coffees, which are cooled without the use of water, so detrimental to the aroma. Their specialties are Padang Java and pure Mocha. Fine coffees are neither cheap nor plentiful and cannot be sold cheap unless adulterated. They also deal in highgrade teas.

They people who understand their business thoroughly are those who supply with meats, etc., the select clubs, the first-class hotels, in and out of town, the transatlantic and coastwise steamers, and the noted restaurants. Where these lead the average family man may safety and profitably follow. This high-class trade is centralized in William Ottmann & Co., of Fulson Market, who are and indeed have stood for half a century at the head of this line. ### LEHIGH THE CHAMPION.

IOHNS HOPKINS DEFEATED IN AN EXCITING LACROSSE GAME

Bethlehem, Penn., May 15 (Special).-Lehigh won the intercollegiate lacrosse championship here today by defeating Johns Hopkins in an exciting game by the score of 6 to 3. A more perfect day for lacrosse could not have been had. The game opened with Hopkins gaining the ball, and after a few minutes of pretty playing on both sides Nadler threw the first goal, scoring for Hopkins. On the next line-up Lehigh secured the ball, and with beautiful team work ran it up the field, and Lee made a successful try for a goal, tleing the score. For the rest of the half Lehigh's team work was

a puzzle to the visitors, and just before time was called for the half Roundey threw the second goal for Lehigh. After fifteen minutes of play in the second half Symington threw another goal for Lehigh, and three minutes later made another suc cessful try. Here Lehigh weakened and Hopkins played beautifully, making two more goals. In the last five minutes Lehigh took a brace and added two more points, making the score 6 to 3 in her favor. The game was called with the ball in the middle of the field. Boyt played the best game for Lehigh and Maddren played superbly for Hop-

There were two halves, of thirty-five min vens. There were two harves, of this ventes each. In the first half the Crescents shut the crimson hoys out, scoring 7 themselves. Garvin, Bunn and De Cassanova each made two, and Curris one. Taylor made the first goal for the Harvards early in the second half, and was liberally applauded by the spectators. This was repeated later, when Captain Burley put the ball between the posts. The other points were made by Currie and De Cassanova.

In the Crescent team, the work of Garvin, Miller, Jewell and Moses was especially worthy of notice, while the throwing of MacCarnegle made the Cambridge men open their eyes in admiration. The attack of the champlens was spirited throughout. The only man who did any particularly good work on the Harvard team was Henry. He made several brilliant plays, but was not well supported.

FEATURES OF NEW-JERSEY A. C. GAMES. The games of the New-Jersey Athletic Club on May 21 promise to be no exception to their general interest. Two weight-throwing contests have been added to the programme, in order to give the public an opportunity to see the performance of John Flanagan, the champion of Great Britain, and the holder of the world's record. Among those who will meet Flanagan are James Sarsfield Mitchell, the American champion, who is now training assiduously for the contest, and Charles Chadwick, the intercollegiate champion. The contests will be in the American and English style. In addition, there will be a half-mile scratch race between T. E. Burke, the intermile scratch race between T. E. Burke, the intercollegiate champion, and G. G. Hollander, of the
Knickerbocker Athletic Club. The most important
feature of the meeting will be the intercollegiate
team relay race between Harvard, Yale, the University of Pennsylvania and Princeton. Harvard
has nitherto been almost invincible at relay racing,
but Yale expects to win the race on Decoration Day,
as she did two years ago. Entries for the contests
close with J. E. Sullivan on May 24.

Annapolis, Md., May 15.-Cornell's second uni versity crew won an interesting bontrace to-day from the naval cadets, beating the sailor boys by two lengths in the fairly good time of 11:15, and

CORNELL DEFEATS NAVAL CADETS. finishing two lengths ahead at the end of the two mile straightaway course. The cadets came in seven seconds later. It was pronounced by all who saw it the prettiest race ever rowed on the Severn River, and both crews have reason to be proud of the showing they made.

C. C. N. Y. WINS AT LACROSSE. An interesting lacrosse match between the team of the College of the City of New-York and the Montelair, N. J., athletic team took place on Valley Road Oval, Montclair, yesterday afternoon. The Montclair players were outclassed by the fine team work of their opponents, and were defeated by the score of 6 to 0.

PIRE AND PROST KING.

A wonderful cheap device for making 2 DEAD AIR CELLS every 16 inches between the outside studs and in the partitions and floor joints of a building. These cells keep a building warm in winter-awing 25 PER CENT IN PUEL—and the DAMPNESS out in the WET SEASON. FIRE CANNOT SPREAD, as the cells make a complete barricade. The cells take the place of wood and paper sheathing and the SAVING nearly pays for the AIR CELLS. NO SYSTEM CAN MAKE. A BUILDING AS STRONG. Read the following from New-York's leading architects and publishers:

"We have examined your model "Fire and Frost King." The double dead air cells will make any building much warmer in cold weather and cooler in summer and effectually keep out dampness, besides streigthening a building very much. It will also effectually prevent fire from spreading in buildings and also deaden sound. The system is both effectual and inexpensive, and should be adopted in every building whether large or small. Very respectfully.

very building whether large of shall very respectfully.

Very respectfully.

Suburban property built with Dead Air Cells will sell 26 per cent higher. Builders and architects are particularly invited to call. Single building rights low prices to first applicant. TERRITORY FOR SALE ALL OVER THE UNITED STATES. A FORTUNE FOR LIVE AGENTS.
